

# KATHERINE MATTHEWS

---

## Summary

Katherine Matthews is a trusted leader with over twelve years of international technical and business development experience and is known for her strong execution skills, high integrity, and proven track record of results. She is skilled at navigating complex operational and regulatory challenges and is uniquely adept at communicating with different types of stakeholders. Ms. Matthews approaches problems with an international lens having studied and worked in the United States, Canada, and the United Kingdom.

Ms. Matthews received her Applied Science degree in Geological Engineering from Queen's University in Kingston, Canada and earned her Masters of Business Administration from the Saïd Business School at the University of Oxford. She is a registered Professional Engineer in Alberta, Canada, member of the Society of Petroleum Evaluation Engineers, and has passed the CFA Level I examination.

---

## Skills and Qualifications

### ***Corporate Leadership***

#### Sentinel Peak Resources

- Business Development Manager at Sentinel Peak Resources, a Quantum Energy Partners portfolio company with operations in California; report to CFO
- Responsible for Sentinel Peak's SEC reserve evaluations; act as Sentinel Peak's liaison with third party reserves auditors and present results to audit committee

#### Crescent Point Energy

- Managed Crescent Point's Uinta Basin asset team to meet and exceed production (>20,000 barrels of oil per day), capital, and operating expense targets; steered weekly and monthly meetings to connect Utah field staff with Denver and Calgary head offices
- Spearheaded Business Development in the United States office; met with banks & joint venture partners to drive value generative opportunities

### ***Board Contributions***

#### Sentinel Peak Resources

- Propose, evaluate, and execute large corporate and asset deals (\$500MM up to \$3,000MM)
- Organized and led team that appraised potential decarbonization strategies; presented recommendations to the board

#### Crescent Point Energy

- Recommended acquisition opportunities to Crescent Point's Canadian and American boards for assets and companies in the Uinta Basin, completed a \$90MM acquisition and valued properties and companies ranging from \$1MM-\$750MM
- Led the divestiture process when Crescent Point exited the Uinta Basin; advised both the buy and sell side banks; met with buyer and law firms during due diligence process
- Coordinated Utah's year end reserves process, budget, and strategic plan and presented annually to Canadian and American boards and audit committees

## **Operational Transformation & Intrapreneurship**

### Sentinel Peak Resources

- Leading team executing on decarbonization strategies including a flagship carbon capture, transportation, and sequestration project
- Proposed, executed, and coordinated a cross-company feedback loop and improvement of reserve audit and lookback process for ROCE spending
- Championed and submitted two applications for Department of Energy (DOE) grants

### Crescent Point Energy

- Successfully gained regulatory approval to initiate waterflood operations and horizontal well development in Crescent Point's Uinta Basin holdings
- Created and managed the reservoir engineering function in the US office

## **Public Speaking**

### Sentinel Peak Resources

- Present corporate information semi-annually at spring and fall bank meetings; communicate with banks in the lending syndicate (~20 banks)

### Crescent Point Energy

- Delivered sworn expert engineering testimony at twelve Utah Board of Oil, Gas, and Mining hearings in Salt Lake City for initiatives such as waterfloods, vertical well downspacing, and horizontal well development
- March 2019 - Women's Energy Network National Conference - was invited to speak on a panel about leadership in the energy industry
- May 2019 - Utah Governor's Energy Summit - spoke on a breakout panel about the Uinta Basin's waxy crude

---
