PROFESSIONAL EXPERIENCE

Gagen MacDonald

*Managing Director and Chief Information Officer
June 2013 to Present*

Advise Global Fortune 500 clients on strategy execution through leadership development and alignment, strategic communications, change management, culture and business transformation initiatives. Develop strategies to increase performance and engage employees in the corporate strategy including through use of digital channels and technologies. Clients include organizations such as P66, Dow DuPont, Johnson & Johnson, GE, PVH (Calvin Klein and Tommy Hilfiger) and Abu Dhabi National Oil Company (ADNOC).

Grant Thornton

*Managing Director, Business Advisory Services
February 2011 to May 2013*

Ran the Business Advisory Services practice for the Denver office. Worked collaboratively with colleagues in Tax and Audit practices to bring the best of the firm to clients in the region, including PDC Energy, EchoStar, Hughes Communications, HSS: Healthcare & High Risk Security Services.

City and County of Denver Colorado

*Chief Information Officer
June 2007 to February 2011*

Appointed by then Mayor John Hickenlooper to lead the newly formed shared services technology

organization, including the external and internal city websites and communications platforms including the 311 call center, Denver8 Municipal Television Station, and the technology for the 911 call center. Implemented new governance processes for investments in technology for all city agencies. Led the communication and technology support for the 2008 Democratic National Convention.

Deputy Chief Information Officer and Director of Information Technologies

June 2004 to May 2007

Designed, implemented and managed the new shared services organization which became the Technology Services Agency for the City and County of Denver. Secured approvals from the Mayor's Office, Auditor's Office and City Council to execute this strategy. Responsible for a 42 million dollar operating budget and a 12 million dollar capital project budget.

ERP PeopleSoft Practice Manager

Appointed by Mayor Hickenlooper's Administration to reengineer the City's PeopleSoft (ERP) Practice. Completed the Human Resource Management System (HRMS) upgrade, changed the governance structure, addressed outstanding personnel issues, remediated vendor management issues, and developed and implemented a strategic plan for the enterprise systems.

DENVER INTERNATIONAL AIRPORT

Director of Technology

City and County of Denver Colorado

May 1998 to June 2004

During my tenure at DIA, Denver International Airport was acknowledged as "America's Best-Run Airport" by Time Magazine; "One of the World's Best Airports for Business Travelers" by Business Traveler Magazine; "Among the World's Five Best Airports" by the Official Airline Guide, and "Among the Top Five U.S. Airports" by the Wall Street Journal.

Developed business relationships with field organization and airlines to showcase team's capabilities and improve coordination, collaboration and communication around technology initiatives.

- Authored the first and second IT Master Plans for the airport.
- Served as an editorial team member for the airport's Strategic Business Plan.
- Reengineered Internet site (www.flydenver.com) to provide tools for information dissemination to the traveling public.
- Implemented structured project management approach.
- Led post 9/11 strategic change initiatives to adopt the new operating model for the airport.
